

## **Neighborhood Watch Crime Bulletin #84 To All Our Neighborhood Watch Personnel:**

Our Latest and Greatest Crime Bulletin

### **Crime Pattern Alert:**

Over the last couple of nights, we have had a series (10 total) of tampering and in some cases, thefts from autos. This pattern is regional, including Riddle Farm, Oyster Harbor. The common denominator is that the **VEHICLES ARE UNLOCKED**, with property in plain view. Unfortunately, in one case, in Ocean Pines, a loaded handgun was taken. Although one arrest was made earlier in West Ocean City, the pattern continues, so it appears more than one individual may be involved. We are actively investigating our cases, which occurred largely in South Ocean Pines.

Please **LOCK** your vehicles and remove all valuables from them. Report all suspicious activity in your neighborhood, **AS IT OCCURS**. Initial descriptions of a possible suspect in Ocean Pines, on home video, indicates our suspect appears to be a younger white male, with a backpack,

***Be SAFE and we will be there for you, as you may need us!!!***

Chief David C. Massey, Ed.D.      Ocean Pines Police Department
