

Motion to be introduced by Director Brett Hill at the Regular Meeting October 22, 2016:

**Motion:** I move that twenty-five thousand dollars be reallocated from the Food Truck line item on the Yacht Club Capital Budget to Decorations and Furnishings for the Yacht Club.

**Background:** The board never approved the purchase of the Food Truck, and additional furnishings and decorations are needed to complete the building.

**Purpose and Effect:** The purpose of this motion is to properly allocate funds for small capital items needed to create a more welcoming, functional space inside the Yacht Club, including fitting out the bar area, adding furniture to the bridal and groom suites, and lounge areas downstairs.
