INDEPENDENT AUDITORS' REPORT

To the Board of Directors of Ocean Pines Association. Inc.

Opinion

We have audited the accompanying financial statements of Ocean Pines Association, Inc., which comprise the balance sheet as of April 30, 2022, and the related statements of revenues, expenses, and changes in fund balance and cash flows for the year then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Ocean Pines Association, Inc. as of April 30, 2022, and the results of its operations and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Ocean Pines Association, Inc. and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Prior Period Financial Statements

The financial statements of Ocean Pines Association, Inc. as of April 30, 2021 were audited by TGM Group LLC, who merged with UHY LLP as of January 3, 2022, and whose report dated July 22, 2021 expressed an unmodified opinion on those statements.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Ocean Pines Association, Inc.'s ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due
 to fraud or error, and design and perform audit procedures responsive to those risks. Such
 procedures include examining, on a test basis, evidence regarding the amounts and disclosures
 in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit
 procedures that are appropriate in the circumstances, but not for the purpose of expressing an
 opinion on the effectiveness of Ocean Pines Association, Inc.'s internal control. Accordingly, no
 such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Ocean Pines Association, Inc.'s ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Report on Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplementary schedules of revenues and expenses and changes in contract liabilities (assessments received in advance – reserve fund), as listed in the table of contents, is presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of the Association's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

Disclaimer of Opinion on Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the supplementary information on future repairs and replacements, as listed in the table of contents, be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Financial Accounting Standards Board, which considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Note 1. The Association and Its Significant Accounting Policies

Ocean Pines Association, Inc. (the "Association") is a not-for-profit homeowners' association incorporated in 1968 and located in Worcester County, Maryland. The Association is governed by a board of directors and is responsible for providing the following services to its members: administrative and finance, clubs, architectural control, public safety, public works, and recreation. The Association consists of 8,452 platted residential lots located on approximately 3,500 acres in Ocean Pines, Maryland.

Significant accounting policies not disclosed elsewhere in the financial statements are as follows:

Basis of Accounting

The financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America. Revenues are recognized when earned and expenses are recognized when the product or service has been received and the liability incurred.

The Association uses fund accounting, which requires that funds, such as operating funds and funds used for major repairs and replacements, be classified separately for accounting and reporting purposes. Disbursements from these funds are at the discretion of the Board of Directors.

<u>Operating Fund</u> – This fund is used to account for financial resources available for the general operations of the Association.

Reserve Funds – These funds are established by the Association's By-laws and/or Board of Directors for the purpose of accounting for specific projects or areas maintained by the Association.

<u>Investment in Fixed Assets</u> – This account represents the cumulative activity within property and equipment which includes additions, disposals, and associated depreciation expense.

Member Assessments

Association members are subject to assessments to provide funds for the Association's operating expenses, future capital acquisitions, and major repairs and replacements. Assessment revenue is recognized as the related performance obligations are satisfied at transaction amounts expected to be collected. The Association's performance obligations related to its operating assessments is satisfied over time on a daily pro-rata basis using the input method. The performance obligations related to the reserve assessments are satisfied when these funds are expended for their designated purpose. Golf fees and cart rentals, pro shop, and food and beverage sales are recognized as revenue at point of sale. Member dues, parking, program registration, and marina slip rentals are recognized as revenue in the applicable membership period.

Assessments receivable at the balance sheet date represent fees due from lot owners. Included in accounts receivable are receivables which were more than 90 days past due of approximately **\$650,000** and \$706,000 at April 30, 2022 and 2021, respectively. These receivables include member assessments, which are billed annually on May 1, and related interest and other charges. Past due member assessments, in accordance with Association policy, have liens placed against the property.

Note 1. The Association and Its Significant Accounting Policies (Continued)

Allowance for Doubtful Accounts

The Association uses the allowance method to account for uncollectible receivables. The allowance is based on prior years' experience and management's analysis of possible bad debts. Bad debt recoveries are credited to the allowance account as realized.

		2022		2021	
Balance, beginning of year	¢	750,391	\$	730,952	
Provision for credit losses	Ψ	112,500	Ψ	100,000	
Recoveries		23,236		8,093	
Net charge-offs		(46,634)		(88,654)	
Balance, end of year	\$	839,493	\$	750,391	

Inventories

Inventories are stated at the lower of cost or market. Cost is determined using the first-in, first-out method.

Contract Liabilities (Assessments Received in Advance – Reserve Funds)

The Association recognizes revenue from members as the related performance obligations are satisfied. A contract liability (assessments received in advance – reserve funds) are recorded when the Association has the right to receive payment in advance of the satisfaction of performance obligations related to reserve funds assessments. During the current year, the Association assessed and received \$3,634,673 in the Reserve Funds. The balance of contract liabilities (assessments received in advance – reserve funds) was \$6,146,765 and \$5,649,626 for the years ended April 30, 2022 and 2021, respectively.

Deferred Revenue

Deferred revenues are those for which asset recognition criteria have been met, but for which revenue recognition criteria have not been met. Therefore, such amounts are reported within the accompanying financial statements as cash and/or receivables and are offset by a deferred revenue account.

Cash and Cash Equivalents

The Association considers cash, money market accounts, and other demand deposits as cash equivalents.

Credit Risk

Deposit accounts are guaranteed by the Federal Deposit Insurance Corporation (FDIC) up to \$250,000 per depositor. The Association, during the course of the year, may have deposits in financial institutions which are in excess of insured limits covered by the FDIC. This credit risk is managed by maintaining all deposits in high-quality financial institutions and by securities pledged as collateral in certain local banks. Management considers this to be normal business risk.

Note 1. The Association and Its Significant Accounting Policies (Continued)

Property and Equipment

The Association's policy is to capitalize all property and equipment with a cost of \$2,000 or more to which it has title or other evidence of ownership. The Association is responsible for preserving and maintaining all common property other than the individual lots owned by members. Property and equipment purchased is recorded at cost. Donated assets are recorded at their estimated fair market value at the time of their donation. Depreciation is being provided on the straight-line method over the estimated useful lives of the related assets. Construction-in-progress relates to a project underway, but not completed.

Long-Lived Assets

The carrying value of long-lived assets are reviewed by management for impairment whenever events or changes in circumstances indicate that the carrying amount of an asset may not be recoverable. For the year ended April 30, 2022, no impairment has been recognized.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Accordingly, actual results could differ from those estimates.

Advertising Expense

The Association expenses all advertising costs as they are incurred. Adverting costs for the years ended April 30, 2022 and 2021, totaled approximately **\$34,000** and \$39,000, respectively.

Financial Statement Presentation

Certain amounts in the prior year's financial statements have been reclassified to conform to the current year's presentation.

Note 2. Dues and Assessments

Annual dues to owners were **\$996** and \$986 for non-waterfront lots for the years ended April 30, 2022 and 2021, respectively. Annual dues to owners were **\$1,611** and \$1,501 for waterfront lots for the years ended April 30, 2022 and 2021, respectively. The following represents the amount of assessments that were budgeted and billed for operations and special purposes for the years ended April 30, 2022:

	2	2022	2021		
Operations	\$	749	\$	736	
Replacement reserve		247		250	
Non-waterfront lots		996		986	
Bulkhead differential		615		515	
Waterfront lots	\$	1,611	\$	1,501	

The annual budget and membership dues are determined by the Board of Directors. The Association retains excess operating funds at the end of the operating year, if any, for use in future operating periods.

Note 3. Income Taxes

The Association is exempt from federal and state income taxes under Section 501(c)(4) of the IRC, except on net income derived from unrelated business activities.

ACS 740, Income Taxes, prescribes the recognition and measurement of a tax position taken, or expected to be taken, in a tax return. It also provides guidance on derecognition, classification, interest and penalties, accounting in interim periods, disclosure and transition. For those benefits to be recognized, a tax position must be more-likely-than-not to be sustained upon examination by taxing authorities. The amount recognized is measured as the largest amount of benefit that is greater than fifty percent likely of being realized upon ultimate settlement.

The Association recognizes interest and penalties accrued on any unrecognized tax exposures as a component of income tax expense. The Association has not accrued interest and penalties as of April 30, 2022 and 2021.

The Association is subject to routine audits by taxing jurisdictions; however, there are currently no audits in progress.

Note 4. Line of Credit

During April 2022, the Association entered into a line of credit arrangement with The Bank of Ocean City with a maximum borrowing of \$43,250 with principal due on demand. The line bears interest at a rate of 2.25% per annum. The line is secured by the Association's certificate of deposit account held with The Bank of Ocean City. There was no outstanding balance on the line at April 30, 2022.

Note 5. Retirement Plan

The Association has two defined contribution retirement (401k) plans, which cover all full and part-time employees over 20.5 years of age and having at least 1,000 hours of service in the plan year. Participants may contribute up to 100% of compensation with a maximum contribution as permitted by the IRS, currently \$20,500 in calendar year 2022. The Association contributes up to a 3% match of compensation for all eligible employees that contribute to the plan and have been with the company for at least 12 consecutive months, with the exception of police officers who receive an automatic 5% contribution in a separate plan. Association contributions to the plan were approximately **\$97,000** and \$88,000 for the years ended April 30, 2022 and 2021, respectively.

Note 6. Major Repairs and Replacements

The Association annually determines the remaining useful lives of the components of common property and current estimates of costs of major repairs and replacements that may be required in the future. Actual expenditures, however, may vary from the estimated amounts and the variations may be material. When replacement funds are needed to meet future needs for major repairs and replacements, the Association may borrow, utilize reserve funds, increase regular assessments, pass special assessments, or delay major repairs and replacements until funds are available. The effect on future assessments has not been determined at this time. The Association currently funds depreciation expense through current year assessments and deposits such funds in the Major Maintenance and Replacement Reserve Fund, which provides funding for future capital asset repairs and replacements.

Note 7. Commitments and Contingencies

In December 2015, the Association concluded discussions with Sandpiper Energy to facilitate the conversion of the Ocean Pines community from propane to natural gas over the next several years. The resulting agreement between Sandpiper and the Association includes provisions that provide Sandpiper with certain easements, right-of-ways and a land lease related to installation, operation and maintenance of a gas distribution system. The agreement also provides that Sandpiper pay to the Association certain fees, commencing in fiscal year 2016. Required payments of approximately \$16,200 and \$20,200 have been recorded as revenue during each of the years ended April 30, 2022 and 2021, respectively, as reflected in services and supplies in the accompanying statements of revenues and expenses and changes in fund balances.

In August 2019, the Association entered into a management agreement with Matt Ortt Companies ("MOC") to provide management and operational services for the Yacht Club and Beach Club for at least three years commencing on May 1, 2020. There is an option to add an additional fourth or fifth year if certain circumstances are achieved, as defined in the agreement. Under the terms of this agreement, the Association is required to pay \$25,000 per month for the first eight months of the fiscal year. In addition to this \$200,000, MOC may be eligible for an additional profit bonus if a target operating profit is achieved, as defined in the agreement. MOC will split (50%) of any profits in excess of this target operating profit. These amounts will be payable at the conclusion of the corresponding fiscal year. If MOC does not achieve the target operating profit there is a clawback feature contained within the contract whereby MOC is required to pay back 50% of this shortfall from the determined clawback threshold of \$100,000. Upon termination for any reason, MOC shall be paid the management fee due through the date of termination. In the event that the Association terminates this agreement without cause, MOC shall be paid a liquidated damage equal to \$75,000.

The Association paid management fees of approximately **\$503,000** and \$209,000 for the years ended April 30, 2022 and 2021, respectively, as reflected in the services and supplies expenses on the accompanying statements of revenues and expenses and changes in fund balances.

Note 7. Commitments and Contingencies (Continued)

In the normal course of business the Association is a party to lawsuits. In the opinion of counsel and management, the ultimate disposition of these lawsuits will have no adverse impact on the financial position of the Association.

Note 8. Paycheck Protection Program

The Corona Virus Aid, Relief, and Economic Security Act, also known as the CARES Act, was signed into law during March 2020 in response to the COVID-19 crisis. The CARES Act established the Paycheck Protection Program (the "PPP"). The PPP is implemented by the Small Business Administration (the "SBA") and allows approved SBA lenders to provide small businesses with loans to pay eligible payroll costs and eligible nonpayroll costs. Lenders will not charge fees on the loans and the loans have a maturity of no more than five years and an interest rate of 1.00%. No collateral or guarantees are required. The loans will be fully forgiven if the funds are used for eligible costs with at least 60.00% being used for eligible payroll. The employer must also maintain certain headcount and salary levels.

During April 2020, the Association applied for the PPP loan with its lender and received \$1,143,493. The Association elected to account for the loan as a conditional grant during 2021. Accordingly, the Association recorded the initial receipt of the loan as a loan payable in the accompanying balance sheets and has recognized the earnings impact of the grant as other income when eligible expenses, as stipulated by the loan agreement, are paid. The Association has recognized the earnings impact of \$0 and \$1,103,938, as other revenue in the accompanying financial statements for the years ended April 30, 2022 and 2021, respectively, as the eligible expenses as stipulated in the loan agreement have been paid. During June 2021, the SBA approved full forgiveness of the PPP loan to the Association in the amount of \$1,143,493.

The Association's management company, MOC, also applied for a PPP loan during the year ended April 30, 2021, under the management company's name. Funds totaling \$271,300 were received and utilized for employee payroll costs that were originally funded by the Association. The Association has recognized the earnings impact of \$271,300 as other revenue in the accompanying financial statements for the year ended April 30, 2021, as the eligible expenses stipulated in the loan agreement have been paid. During December 2020, the SBA approved full forgiveness of the PPP loan to MOC in the amount of \$271,300.

Note 9. Prior Period Adjustment

FASB ASC 606 New Accounting Guidance Implementation

The Financial Accounting Standards Board (FASB) issued new guidance that created Topic 606, Revenue from Contracts with Customers, in the Accounting Standards Codification (ASC). Topic 606 supersedes the revenue recognition requirements in FASB ASC 972-605, Real Estate — Common Interest Reality Association, Revenue Recognition, and requires the recognition of revenue when promised goods or services are transferred to customers in an amount that reflects the consideration to which a CIRA expects to be entitled in exchange for the goods or services.

Note 9. Prior Period Adjustment (Continued)

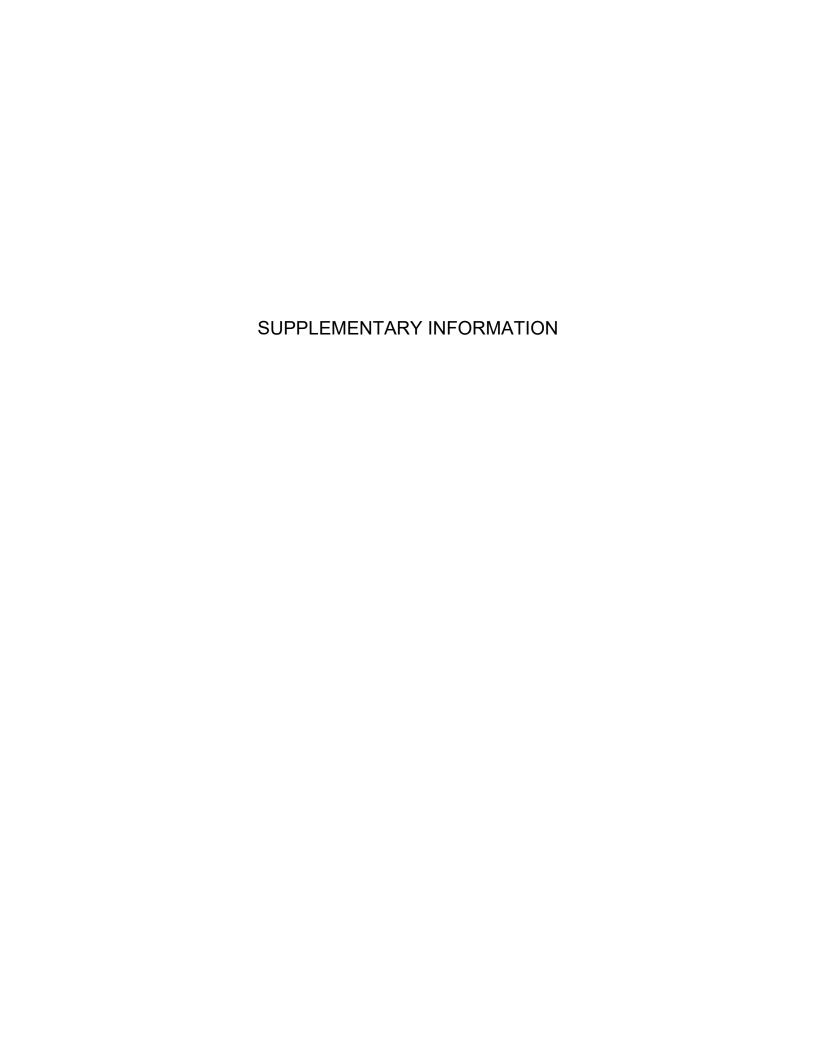

The Association adopted the requirements of the new guidance as of May 1, 2020 using the modified retrospective method of transition, which requires that the cumulative effect of the changes related to the adoption be charged to beginning fund balance. The Association applied the new guidance using the practical expedient provided in Topic 606 that allows the guidance to be applied only to contracts that were not complete as of May 1, 2020. Adoption of the new guidance resulted in changes to the Association's accounting policies for assessment revenue and contract liabilities related to the reserve funds, as previously described in Note 1.

The adoption of the new revenue recognition guidance resulted in the following change to fund balance as of May 1, 2020:

	C	Operating Fund	Reserve Fund	Investment in Fixed Assets	Total
Fund Balance, as previously reported at					
May 1, 2020	\$	(162,095)	\$ 5,640,885	\$24,624,631	\$30,103,421
Prior Period Adjustment (see Note 9)		(88,811)	(5,640,885)	-	(5,729,696)
Fund balance, as restated, at May 1, 2020	\$	(250,906)	\$ -	\$24,624,631	\$24,373,725

Note 10. Date of Management's Review

In preparing the financial statements, the Association has evaluated events and transactions for potential recognition or disclosure through July 25, 2022, the date that the financial statements were available to be issued.

Ocean Pines Association, Inc. SUPPLEMENTARY INFORMATION ON FUTURE REPAIRS AND REPLACEMENTS (UNAUDITED) April 30, 2022

In 2021, Design Management Associates, Inc (DMA), an independent contractor, updated its 2017 Reserve Study of the Association's assets to estimate the remaining useful lives and the replacement costs of the components of buildings and improvements, as well as all other assets, including furniture and fixtures, equipment, vehicles, pools, bridges, land improvements and bulkheads. Replacement costs were based on the estimated costs to repair or replace the common property components at the end of their useful lives, assuming an annual inflation rate of 3.08%.

The DMA Report is currently being utilized by management for budget and asset replacement decision making. Information set forth below is based on the Report. The future replacement cost information for certain asset categories are approximations:

Components	Estimated Future Replacement <u>Cost</u>
Bulkheads	\$ 38,500,000
Other improvements	16,500,000
Roads	16,000,000
Buildings and pools	14,500,000
Mobile outdoor equipment (mowers) and vehicles	4,500,000
Furniture and technology	3,000,000
	\$ 93,000,000

Note: The Association has been replacing bulkheads on a 35-year program. The Association currently has approximately 109,000 linear feet of bulkheads, approximately 92% of which is the financial responsibility of property owners, who currently pay a Bulkhead Differential as part of their annual assessment (\$615 in FY 2022). As part of the follow-up to the Reserve Study, management and the Board of Directors will continue to evaluate the current Bulkhead Replacement Program.
