Platform Tennis

Platform tennis is a year-round outdoor racquet sport that combines elements of tennis and racquetball. Mainly a doubles sport, it's played with a solid paddle and a spongy ball. The court is 1/3 the size of a tennis court and surrounded by screens that let players keep the ball in play after it hits off the court and then the screens.

Platform Tennis

Timeless Tennis drop-ins are ideal for those who want to extend their outdoor tennis season or would be more comfortable playing on a smaller court. The screens on the platform tennis courts keep balls within reach. Contact Araceli Popen at aspopen@yahoo.com or 302-270-8118 for information.
