MERCHANT SELECTION

The Ocean Pines Farmers & Artisans Market is committed to creating a diverse market-place featuring the region's best merchants with the highest quality and locally-produced products when available.

Application Considerations

The Ocean Pines Farmers & Artisans Market will not be bound to apply a particular set of selection criteria in every instance and reserves unconditional discretion to accept or refuse anyone as an Ocean Pines Farmers & Artisans Market merchant.

Product Balance

Priority may be given to unique or unusual products not already represented in the market.

Market Needs

The market seeks merchants with products that complement the market for a well-rounded product balance.

Exclusivity

The Ocean Pines Farmers & Artisans Market reserves the rights to extend exclusive rights to any one merchant to sell any one product. However, if the Ocean Pines Farmers & Artisans Market believes the number of merchants offering the same or similar products is excessive, duplicate products may be denied entry.

Conduct

The history of compliance with market rules and state and local regulations is considered along with the market attendance of a returning merchant. The payment history of fees and the adherence to the Ocean Pines Farmers & Artisans Market policy prohibiting negative influential views are also reviewed.

Product Quality

Merchants should offer consistently high product quality, including product freshness, selection and appeal. A clean market booth and attractive displays are also crucial.

Seniority

The number of years a merchant has continuously sold at the market with a positive attendance record and the history of compliance with market rules will be considered.

Requirements

All prospective merchants must complete and sign an Ocean Pines Farmers & Artisans Market Merchant Application. Merchants must read the entire merchant handbook before the start of their season to ensure a full understanding of the Ocean Pines Farmers & Artisans Market policies and updated materials.

Food Trucks

The Ocean Pines Farmers & Artisans Market encourages Food Trucks to offer freshly prepared foods and drinks for sale at the Market, subject to applicable health codes and the discretion of the Market management. The seller must abide by the applicable Health Department regulations and must obtain all necessary inspections and permits. As food items are only intended to add interest to the Market, the number of food vendors can be limited according to the discretion and judgment of the Market management.

Direct Sales Policy

The Ocean Pines Farmers & Artisans Market does not recognize Direct Sales Companies and their representatives as eligible to participate or sell product at the Ocean Pines market.

Current Direct Sales merchants enrolled in the Ocean Pines Farmers & Artisans Market prior to the 2021 policy change will be grandfathered into participation until such a time the merchant withdraws or doesn't complete the yearly renewal process.

Prospective Merchant Waiting List

A waiting list of prospective new merchants will be maintained by the Market. This list will be made up of prospective merchants that have applied for participation, but have not been approved because of a product or space conflict or another concern of the market management or Market manager(s). Placement on the prospective merchant list is not a confirmation of approval to vend at the marketplace. An updated application maybe required at a later time.

MARKET POLICIES

As a valued Ocean Pines Farmers & Artisans Market merchant, you and your at-market staff are responsible for reading, understanding and following all applicable market rules, policies and regulations pertaining to your business category. This includes regulations and policies set by applicable local and state agencies. Following the rules helps keep the Ocean Pines Farmers & Artisans Market a vibrant and viable community asset with the highest degree of integrity.

Complying with the rules makes you a “merchant in good standing.” Actions and behavior that result in non-compliance with market rules will result in a range of consequences, including warnings, probation and suspension.

Right to Amend

The Ocean Pines Farmers & Artisans Market, its market manager and the Ocean Pines administration reserves the right to amend this Merchant Handbook at anytime without prior notice and without the consent of any person or entity for the purpose to amend, alter, change or repeal the provision within the Merchant Handbook now and hereafter prescribed by law.

Market Opening and Closing (Vehicle Gates)

All merchant vehicle gates to the White Horse Park marketplace are opened at 6:30 a.m. and close at 7:45 a.m., in-season, March through September; and 7:30 a.m. to 8:45 a.m., off-season, October through February.

If the merchant arrives after the gates are closed and locked - we'll see you on the date of your next reservation. We cannot unlock the gates once locked; for the safety of the patrons walking in the market and by the orders of the Ocean Pines Police Department. We ask that you please plan accordingly. Driving around the gate is an offence of market rules, and can result in a fine or expulsion from the market.

All merchants must be in place, set up and ready to sell by 7:45 a.m. in-season / 8:45 a.m. off-season. Merchants must remain set up until the close of market. The merchant vehicle gates re-opens at 1:00 p.m. for the departure of merchants. Please drive carefully through the White Horse Park campus parking lot.

No vehicles are permitted to travel within the market during the hours the market is open. In the event the merchant sells out of product, they must remain set up and in place until the close of market.

If the merchant knows in advance that they will need to leave early, the merchant may ask to be assigned a “visiting merchant location” that is near to the merchant vehicle gate. In the event of a late arrival or an emergency departure, the merchant must contact a member of the market’s management team

Tent/Canopy Requirement

The Ocean Pines Farmers & Artisans Market requires that all merchants use a minimum 10×10 tent or canopy as part of the merchants marketplace setup.

Merchants can request a waiver from the policy by submitting a Tent/Canopy Waiver Request Form. The Market reviews all submitted forms with concerns, reaching a decision within 7 to 14 business days. An official response will be emailed to the merchant, at the current email address on file.

Weather Policies

The Ocean Pines Farmers & Artisans Market is a rain or shine marketplace. We have a commitment to being open every Saturday year-round for our shoppers. Our merchants work hard and often travel distance to bring their products to serve their customers. Our loyal customers reciprocate by coming prepared with their rain coats and umbrellas to shop and enjoy the market.

But, there are exceptions to our rain or shine policy:

Before Opening of Market

If the forecast includes accumulating snow, icy road conditions, thunderstorms, tornado watch / warning or severe and consistent rain occurs prior to the opening of the market day and there is reason to believe the threat will persist through much of the market hours, the market hours may be delayed or cancelled all together, if the forecast is for extreme inclement weather.

During Market Hours

If severe weather conditions develop after the market has opened, customers, merchants, volunteers and community partners are expected to move to a safe place until the storm has passed. In most cases, that safe place will be in their vehicle. For customers that have walked or biked to market, the place of shelter would be the Ocean Pines Recreation Center, located across the parking lot from the White Horse marketplace. Once the weather has passed, a determination will be made by market management about resuming normal market operations for the remainder of the market day.

Merchant Rain Participation

The market recognizes that not all merchant products are weather tolerant and wet conditions could damage or destroy the merchants items.

1. Consistent, Continuous Rain

In the case of consistent, continuous rain, the market will extend an approved rain absence to these merchants.

2. Chance of Rain or Thunderstorms

If the weather is only a chance of rain, we encourage merchant participation, with the opportunity to close and pack-up the market business before the rain would begin.

Excused Weather Absence

Not participating on an inclement weather day, is not considered an "unexcused absence" from the market, or the use of an allotted excused absence day for Resident and Peak Season Merchants.

All market participants are responsible to notify the market of a weather absence before 6:00am on the market day.

Elements Affecting Market Operations

Our weather policies are also applicable for other unexpected and emergency events, such as: environmental concerns, health-related outbreaks, and threats to public safety.

Notification of Market Weather Actions

In all cases, if the market was to be delayed or close, the information will be emailed to our merchants, volunteers, and community partners. Additionally the information will be shared on the market's Facebook page and through Ocean Pines Association's other outlet sources.

The form must clearly indicate the type of new product(s) the merchant is requesting to add or change at their Ocean Pines Marketplace business.

The Market and/or Market manager(s) will decide if additional products may be sold by a merchant, or if the request will be held on a waiting list, until the additional product is needed in the market.

Only one merchant vehicle is permitted to be parked at the merchants assigned location; for the duration of the market day. All additional vehicles belonging to the merchant and their employee or staff must be parked in the designated area for merchant vehicles outside of the marketplace.

If more than one vehicle is used to bring product to the marketplace, the second vehicle must be promptly unloaded at the merchant location, and immediately removed from the marketplace. Unloading vehicles cannot block the market pathways or other merchant spaces. All merchants must be able to travel within the marketplace to access assigned locations, for setup without delay. All non-permitted vehicles must be removed from the marketplace prior to 7:45 a.m.

Trailer or Alternate Vehicle Type

Merchants that use a trailer to transport merchandise and/or set up to the market or another vehicle type as a merchant booth must apply for approval at time of scheduling participation. The marketplace has limited merchant spaces to accommodate these larger vehicle requirements. Onsite requests are not subject to approval. Failure to schedule for a trailer / alternate vehicle space could result in losing the location reservation for the market day. To schedule a trailer/alternate vehicle:

Day Merchants schedule at the time of reservation.

Peak Season Merchants & Resident Merchants must notify the Market Manager 7 days (the Saturday before the scheduled visit) in advance or at the time of submitting a merchant application.

MONITORING AND ENFORCEMENT OF COMPLIANCE RULES

Merchants share responsibility for keeping the Ocean Pines Farmers & Artisans Market viable and ensuring public safety. By following the rules described in the previous sections, merchants will remain a “merchant in good standing” and help create a safe, fun and profitable market environment. Violation of the rules will put the merchant “out of compliance” and result in a range of consequences.

Monitoring

The Ocean Pines Farmers & Artisans Market frequently monitors market activity to ensure that merchants are complying with the rules. The market also keeps records of violations, including local and state regulations, customer complaints, late payment of fees, etc., that may put a merchant out of compliance. The market utilizes a checklist as a tool to regulate at-market compliance.

Enforcement

All rules of the market are enforced by the market manager or his designee, who has ultimate on-site authority. The market will regularly evaluate merchants using a merchant compliance checklist. The Ocean Pines Farmers & Artisans Market will contact the business owner to address the non-complying behavior and corresponding consequence.

Customer complaints will be forwarded to merchants and kept on file. Complaints may result in disciplinary action, including removal from the market.

Consequences

If a merchant does not abide by the rules of the Ocean Pines Farmers & Artisans Market or comply with state, and local regulations applicable to market participation, the market manager or designee may take any action deemed appropriate, including barring the merchant from selling at the market for that day and any future market days.

Disciplinary action may take the form of a verbal warning or a written notice of non-compliance that may include probation or suspension. Probation puts a merchant on notice that any further violations will lead to suspension.

The Ocean Pines Farmers & Artisans Market reserves the right to make exception to these rules and enforcement policies at its discretion.

First violation

The first violation is usually a written warning. It is to inform you that your business has broken policy.

Additional violations

If your business breaks the policies again, the consequences become more serious.

2nd violation: 1-week suspension (you're not allowed to sell in the market for 1 week)

3rd violation: 4-week suspension

4th violation: 3-month suspension -(If you're suspended for 3 months or more, you will need to apply again to get permission to sell at the market, all applicable merchant fees will apply with payment in full based on merchant plan selected at the time of reapplying.)

5th violation: 18-month suspension

6th violation: Permanent ban (you can't sell in the market again)

Violations remain active on your records for one year. The Market has a strict no refund policy.

Remedy of a Non-Compliance Issue

The merchant must correct the violation leading to the verbal warning or written notice of non-compliance immediately or by the following week, whichever the Ocean Pines Farmers & Artisans Market determines to be appropriate. If the situation has not been remedied by the following week, the merchant may be suspended from the market for a week or season and forfeit their market booth fee.
